

## MAILBOX REFURBISHING SERVICES

We would like introduce our service that we provide in Lithia, Fishhawk, West Chase, Wesley Chapel, Tampa Palms and the Surrounding Tampa Bay area. We refurbish Residential and Commercial Mailboxes. We are the preferred vendor of choice for refurbishing. We have been providing this service for the last three plus years.

Home owners do not have the equipment to properly remove the mailbox from the post and remove the blistering paint and repaint it with an industrial paint. When we are refurbishing the home owner's mailbox we install a temporary box in place so that their mail service is not interrupted.

We refurbished all of the mailboxes in Fishhawk Tanager Ridge last year 2011. We also did a large community with 114 mailboxes in Wesley Chapel and several residents in New Tampa, West Chase and Tampa Palms. When a Home Owner receive's a notice to repaint their mailbox they call us. First choice is to purchase a new one but they can have their existing mailbox refurbished to like new condition for 1/2 the price.
